### PYTHON :

#### 1.Search for python 3.7.4

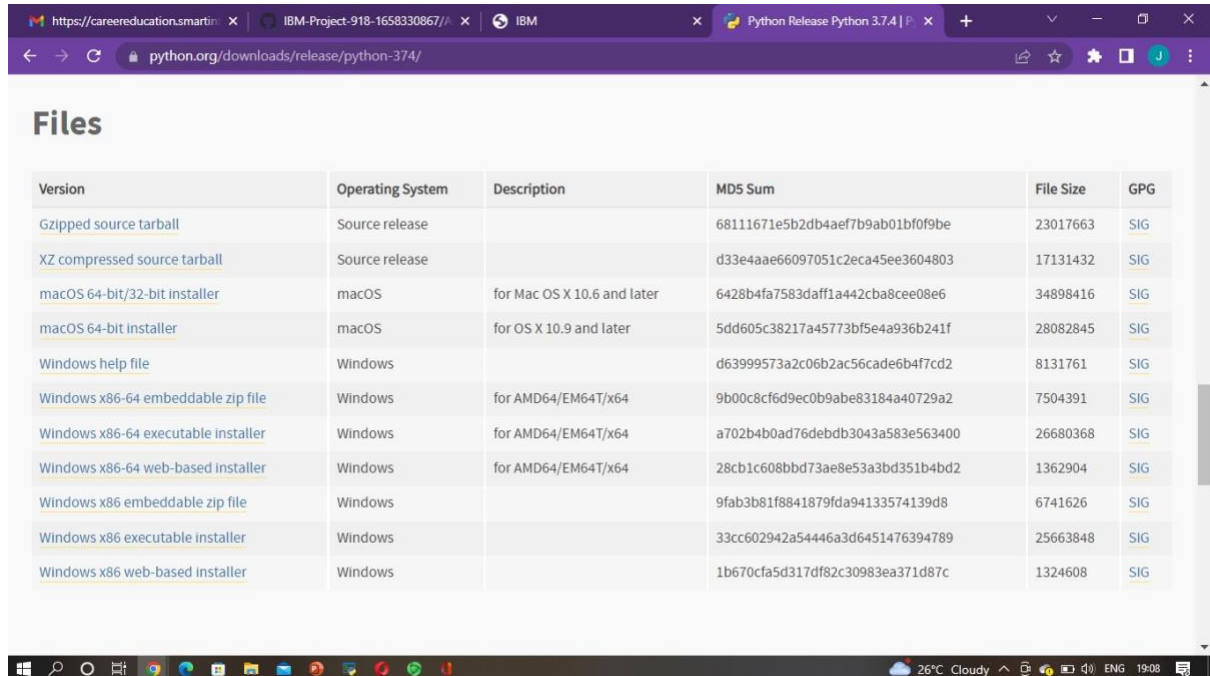

The screenshot shows a Microsoft Bing search results page for the query 'python'. The search bar at the top contains 'python' and shows 13,300,000 results. Below the search bar, there are tabs for ALL, IMAGES, VIDEOS, MAPS, NEWS, and SHOPPING. The main content area features a large 'Python Programming language' card with buttons for Download, Features, Games, and Documentation. To the left of this card is a 'Welcome to Python.org' section with a link to https://www.python.org and a brief description of the language. To the right is a 'Python Software' section with a description of Python as a high-level, general-purpose programming language. Below these sections are links for Downloads, About, Community, Success Stories, and a 'Python Release Python 3.9.4' announcement.

#### 2.Open the downloads from the above website. Click the download from python 3.7.4.

The screenshot shows the 'python.org/downloads/' page. It features a table of Python releases by version number. The table lists releases from Python 2.7.17 to Python 3.4.10, including their release dates and download links. The 'Python 3.7.4' row is highlighted. Below the table, there is a 'Sponsors' section and a 'View older releases' link. The page is viewed in a web browser with multiple tabs open, and the Windows taskbar is visible at the bottom.
